<http://www.scotland.gov.uk/Topics/marine/Licensing/fishintros>

or can be obtained from Marine Scotland Science, Freshwater Laboratory (see overleaf).

Form SG35(v3)
issued 01/07/2014

1 The Applicant (see Guidance, Note 1)									
Title	First Name								
Surname									
Position and organisation									
Address									
Postcode									
Phone (daytime)	Fax								
Mobile	email								
2 Previous Applications (see Guidance, Note 2)									
Has the applicant applied for introductions consents previously?									
No <input type="checkbox"/> Yes <input type="checkbox"/>									
if yes, were any of these applications for the same receiving water?									
No <input type="checkbox"/> Yes <input type="checkbox"/>									
3 Receiving water (see Guidance, Note 3)									
Name of water									
Nearest town									
Location give Ordinance Survey national grid reference or supply a map showing the site									
<table border="1"> <tr> <td> </td><td> </td><td> </td><td> </td><td> </td> </tr> </table>									
Site Registration Number, if registered as a stocked fishery									
4 The fish introduction (see Guidance, Note 4)									
Purpose of introduction									
When is the planned date of introduction (single consent) or planned start and end-dates (block consent)?									
Approximately how many separate stockings will be included?									
What is the likely pattern of stockings (e.g. single, once a month, quarterly etc)?									
Details of fish									
NOTE: the numbers provided should be for the total numbers of fish to be introduced over the entire period of the consent.									
Species and life stage (Ova, Fry, Juvenile, Adult)	Total number	Average Size length/weight (cm/kg)	Total Weight kg	Ploidy T - triploid D - diploid					
Please enter full names of species and life stage, e.g. Rainbow trout - Adult, Brown trout - Ova etc. If insufficient space has been provided for the information requested, please make use of Section 11.									

5 Supplier/s (see Guidance, Note 5)									
Supplier 1	Title		First Name						
Surname									
Position and organisation									
Address									
Postcode									
Phone	Fax								
Mobile	email								
Supply site name									
Site registration number									
Is the supply site the subject of a Designation Notice, or any other form of control restricting the movement of fish? No <input type="checkbox"/> Yes <input type="checkbox"/> Unknown <input type="checkbox"/>									
Supplier 2	Title		First Name						
Surname									
Position and organisation									
Address									
Postcode									
Phone	Fax								
Mobile	email								
Supply site name									
Site registration number									
Is the supply site the subject of a Designation Notice, or any other form of control restricting the movement of fish? No <input type="checkbox"/> Yes <input type="checkbox"/> Unknown <input type="checkbox"/>									
Supplier 3	Title		First Name						
Surname									
Position and organisation									
Address									
Postcode									
Phone	Fax								
Mobile	email								
Supply site name									
Site registration number									
Is the supply site the subject of a Designation Notice, or any other form of order restricting the movement of fish? No <input type="checkbox"/> Yes <input type="checkbox"/> Unknown <input type="checkbox"/>									
Note: for more than three suppliers, please supply details in Section 11.									
6 Source of the fish being introduced (see Guidance, Note 6) (fish sourced from the wild, or of wild broodstock origin)									
Location of sources of fish/broodstock									
Give OS national grid reference or supply a map showing the site									
<table border="1"> <tr> <td> </td><td> </td><td> </td><td> </td><td> </td> </tr> </table>									
Name of water									
Environment Agency Reference number of consent if removing fish from England or Wales									
Is the source water the subject of a Designation Notice, or any other form of control restricting the movement of fish? No <input type="checkbox"/> Yes <input type="checkbox"/> Unknown <input type="checkbox"/>									
Were the fish reared on in a fish farm or a hatchery? If yes, please provide details									
No <input type="checkbox"/> Yes <input type="checkbox"/> Unknown <input type="checkbox"/>									

Application to introduce fish, fry or ova

The Salmon and Freshwater Fisheries (Consolidation) (Scotland) Act 2003, section 33A

Form SG35(v3)

7 Hauliers/Holding Facilities (see Guidance, Note 7)

Haulier 1	
Company Name	
Address	
	Postcode
Haulier 2	
Company Name	
Address	
	Postcode
Haulier 3	
Company Name	
Address	
	Postcode
<i>Note: for more than three hauliers, please supply details in Section 11.</i>	
Will the fish be retained in a temporary holding facility before introduction? No <input type="checkbox"/> Yes <input type="checkbox"/> Unknown <input type="checkbox"/>	
If yes, please provide details:	
Address	
	Postcode
Length of time in the holding facility:	

8 Details of receiving water (see Guidance, Note 8)

Type of water (please tick all boxes that apply):	
canal <input type="checkbox"/>	stream or river <input type="checkbox"/>
fully enclosed stillwater <input type="checkbox"/> <small>(waterbody has no physical connection with a river system, either permanent or temporary)</small>	on-line stillwater <input type="checkbox"/> <small>(waterbody with any sort of physical connection with a river system, either permanent or temporary)</small>
stillwater in flood plain <input type="checkbox"/> <small>(waterbody lies on a flood plain)</small>	screened stillwater <input type="checkbox"/> <small>(waterbody has some sort of screen on outflow to prevent exit by all or some sizes of fish)</small>
manmade <input type="checkbox"/>	natural <input type="checkbox"/>
Has the receiving water been stocked before? No <input type="checkbox"/> Yes <input type="checkbox"/>	
If yes, please provide details of species, dates, numbers etc.	
Is there an existing fish population in the water? No <input type="checkbox"/> Yes <input type="checkbox"/>	
If the waterbody is screened, what size of fish are the screening arrangements designed to contain?	
For stillwaters, approximate size of water	
	acres <input type="checkbox"/> hectares <input type="checkbox"/>
Is the receiving water within a statutorily designated nature conservation site such as a SSSI or SAC? No <input type="checkbox"/> Yes <input type="checkbox"/> Unknown <input type="checkbox"/>	
If yes, what is the designation:	

9 Data Protection

Marine Scotland Science processes your information in accordance with its statutory regulatory functions under Section 33A of The Salmon & Freshwater Fisheries Consolidation Act 2003. The information collected on this form and any supporting correspondence will be used to undertake licensing functions and, for this purpose, all information collected may be shared with relevant third parties. Selected information gained during the application process will appear on our website. The data protection notice in the accompanying guidance provides further detail.

10 Signature and declaration

If you give any information which is incomplete or inaccurate

- we will return your application
- we will not grant consent.

I have read and understood this form and the accompanying guidance, including the data protection notice. To the best of my knowledge and belief, the information I have given is complete and correct. I understand that Marine Scotland Science may require additional information from me at my expense to allow a decision to be made.
